

Learning Together: Inclusive Research Training

To start - the foundations

Getting to know you

What is Research?

Being an ethical researcher (which means honest and fair researcher).

Optional: who are you as a researcher?

Main course – research methods

Interviews

Focus groups

Surveys

Case studies

Using social media

Using creative methods

Change stories

For afters: analysing and sharing your findings

Choose one or both:

- Making sense of what it means: words

1 2 3

- Making sense of what it means: numbers

Finish with sharing what you found out.
